

Compliance with WCAG 2.1 guidelines at level AA and A

Guideline	Success criteria	Level WCAG	Compliance level	Comments and explanations
1. Perceivable				
1.1 Text Alternatives	1.1.1 Non-text Content	A	Purchase process: Partial compliance	Not all non-text content has alternative text. E.g. advertising campaign banners on the homepage, product list, product sheets and models.
			Non-purchasing sites: Partial compliance	Not all non-text content has alternative text.
1.2 Time-based Media	1.2.1 Audio-only and Video-only (Prerecorded)	A	Purchase process: Partial compliance	
			Non-purchasing sites: Partial compliance	
	1.2.2 Captions (Prerecorded)	A	Non-purchasing sites: Partial compliance	
			Non-purchasing sites: Partial compliance	
	1.2.3 Audio Description or Media Alternative (Prerecorded)	A	Non-purchasing sites: Partial compliance	
			Non-purchasing sites: Partial compliance	
	1.2.4 Captions (Live)	AA	Purchasing process: N/A	
			Non-purchase sites: N/A	
	1.2.5 Audio Description (Prerecorded)	AA	Purchasing process: N/A	

			Non-purchase sites: N/A	
1.3 Adaptable	1.3.1 Info and Relationships	A	Purchasing process: N/A	The structure and meaning of the content is kept and communicated in a way that enabling technologies, can understand to a large, albeit incomplete extent.
			Non-purchasing sites: No compliance.	
	1.3.2 Meaningful Sequence	A	Purchasing process: Full compliance	
			Non-purchasing sites: Partial compliance	The visual order of page content may not fully correspond to the order read by screen readers.
	1.3.3 Sensory Characteristics	A	Purchasing process: Full compliance	The information provided to users is not based solely on the senses of sight or hearing.
			Non-purchasing sites: Partial compliance	The particular information provided to users may be based solely on the senses of sight or hearing.
	1.3.4 Orientation	AA	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	1.3.5 Identify Input Purpose	AA	Purchasing process: Full compliance	The order form complies with the guideline, the fields in the form can be identified by the browser and thus enable the auto-complete function.
			Non-purchasing sites: No compliance.	The form fields on the website (apart from the order form) do not have a programmatically defined purpose.
1.4 Distinguishable	1.4.1 Use of Color	AA	Purchasing process: Partial compliance	Links are only highlighted in colour (blue), which does not ensure full accessibility. On desktop devices the links are additionally highlighted by hovering, but this does not work on touch devices, where there is no hover effect. There is no permanent, colour-independent highlighting of links.

			Non-purchasing sites: No compliance.	
	1.4.2 Audio Control	A	Purchasing process: N/A	
			Non-purchasing sites: N/A	
	1.4.3 Contrast (Minimum)	AA	Purchasing process: Full compliance	The website has a dedicated visual version with high contrast colour and text size.
			Non-purchasing sites: Partial compliance	High-contrast pages are not yet available for all subpages. Exceptions to this are, among others, the promotional pages, the recycling highlights page and the speed camera map.
	1.4.4 Resize Text	AA	Purchasing process: Full compliance	The size of the text can be increased using controls in the browser, without losing the content or its order.
			Non-purchasing sites: Partial compliance	There may be loss of content when zooming to 200%.
	1.4.5 Images of Text	AA	Purchasing process: Partial compliance	Partial compliance.
			Non-purchasing sites: No compliance.	Exception - Promotional campaigns displayed on the homepage, product list and product/model card have a text image, with no alternative text."
	1.4.10 Reflow	AA	Purchasing process: Partial compliance	The presentation of the site can adapt to a single column of content. It fits within a 320-pixel wide CSS view area, without requiring the user to scroll in two directions, retaining all information and functionality. (Partially) Exceptions include functionality not available on mobile resolutions: - Measurement of rims on aluminium rim product cards - The number of stated purchase benefits on the model and product cards is lower than on the desktop.
			Non-purchasing sites: Partial compliance	The pages may not retain all the information, but they retain key information and adapt it to the view area.
	1.4.11 Non-text Contrast	AA	Purchasing process: Full compliance	Seriws posiada dedykowany wariant wizualny o wysokim kontraście koloru oraz wielkości tekstów.

			Non-purchasing sites: Partial compliance	the site has a dedicated visual variant with high colour contrast and text size.
	1.4.12 Text Spacing	AA	Purchasing process: Partial compliance	Some pages may not maintain adequate spacing in the text.
			Non-purchasing sites: No compliance.	
	1.4.13 Content on Hover or Focus	AA	Purchasing process: No compliance.	
			Non-purchasing sites: No compliance.	
2. Operable				
2.1 Keyboard Accessible	2.1.1 Keyboard	A	Purchasing process: Full compliance	All functions and navigation elements can be operated using the keyboard.
			Non-purchasing sites: No compliance.	It is not possible to handle all page functions using the keyboard.
	2.1.2 No Keyboard Trap	A	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	2.1.4 Character Key Shortcuts	A	Purchasing process: N/A	
			Non-purchasing sites: N/A	
2.2 Enough Time	2.2.1 Timing Adjustable	A	Purchasing process: N/A	
			Non-purchasing sites: N/A	

	2.2.2 Pause, Stop, Hide	A	Purchasing process: Full compliance	Advertising banners on the homepage that change automatically can be stopped.
			Non-purchasing sites: N/A	There are no such elements on the other pages of the website.
2.4 Navigable	2.4.1 Bypass Blocks	A	Purchasing process: Full compliance	A dedicated menu has been implemented, allowing the user to skip or jump to a specific section of the page. The functionality is adapted for navigation with the Tab key. The menu can be called up using the shortcut ctr/cmd + M
			Non-purchasing sites: Partial compliance	On non-shopping pages, a dedicated menu allows to skip content repeated on some other pages
	2.4.2 Page Titled	A	Purchasing process: Full compliance	All pages of the website have titles describing their subject matter or purpose.
			Non-purchasing sites: Full compliance	All pages of the website have titles describing their subject matter or purpose.
	2.4.3 Focus Order	A	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	2.4.4 Link Purpose (In Context)	A	Purchasing process: Partial compliance	Some of the active elements in this link may be ambiguous to users.
			Non-purchasing sites: Partial compliance	Some of the active elements in this link may be ambiguous to users.
	2.4.5 Multiple Ways	AA	Purchasing process: Partial compliance	Some of the information on the website can be accessed in more than one way
			Non-purchasing sites: Partial compliance	Some of the information on the website can be accessed in more than one way
	2.4.6 Headings and Labels	AA	Purchasing process: Full compliance	The tags clearly describe the purpose of the form fields.

			Non-purchasing sites: Partial compliance	Not all tags describe the purpose of form fields clearly enough.
	2.4.7 Focus Visible	AA	Purchasing process: Full compliance	When operated via the keyboard, the focus on the active elements is constantly visible.
			Non-purchasing sites: No compliance.	No correct keyboard operation.
	2.4.11 Focus Not Obscured (Minimum)	AA	Purchasing process: Full compliance	The elements to which the focus is transferred are partially or completely visible.
			Non-purchasing sites: No compliance.	No correct keyboard operation.
2.5 Input Modalities	2.5.1 Pointer Gestures	A	Purchasing process: Partial compliance	On the mobile version of the homepage, there are elements that require dragging, with no clickable alternative.
			Non-purchasing sites: No compliance.	
	2.5.2 Pointer Cancellation	A	Purchasing process: No compliance.	Active elements trigger an event after a click/touch, which does not meet the requirement.
			Non-purchasing sites: No compliance.	Active elements trigger an event after a click/touch, which does not meet the requirement.
	2.5.3 Label in Name	A	Purchasing process: Partial compliance	Promotional campaigns displayed on the homepage, product list and product/model card have a text image that is not included in the name
			Non-purchasing sites: No compliance.	Not all items have the correct tags
	2.5.7 Dragging Movements	AA	Purchasing process: N/A	
			Non-purchasing sites: N/A	

	2.5.8 Target Size (Minimum)	AA	Purchasing process: Partial compliance	Target size for individual icons that are links may be less than 24x24px
			Non-purchasing sites: No compliance.	
3. Understandable				
3.1 Readable	3.1.1 Language of Page	A	Purchasing process: Full compliance	
			Non-purchasing sites: Full compliance	
	3.1.2 Language of Parts	AA	Purchasing process: N/A	
			Non-purchasing sites: N/A	
3.2 Predictable	3.2.1 On Focus	A	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	3.2.2 On Input	A	Purchasing process: Partial compliance	"Each automatic context change is preceded by information describing the action of the component triggering the change. - exception - self-opening successive panels on mobile page when selecting the size"
			Non-purchasing sites: No compliance.	
	3.2.3 Consistent Navigation	AA	Purchasing process: Full compliance	
			Non-purchasing sites: Full compliance	
	3.2.4 Consistent Identification	AA	Purchasing process: Full compliance	

			Non-purchasing sites: Partial compliance	Most elements are consistent across the site.
	3.2.6 Consistent Help	A	Purchasing process: Full compliance	
			Non-purchasing sites: Partial compliance	
3.3 Input Assistance	3.3.1 Error Identification	A	Purchasing process: Full compliance	
			Non-purchasing sites: Partial compliance	Zdecydowana większość błędów wykrytych na stronie jest prezentowana użytkownikowi w formie komunikatów tekstowych.
	3.3.2 Labels or Instructions	A	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	3.3.3 Error Suggestion	AA	Purchasing process: Full compliance	The vast majority of errors detected on the site are presented to the user in the form of text messages.
			Non-purchasing sites: No compliance.	
	3.3.4 Error Prevention (Legal, Financial, Data)	AA	Purchasing process: Partial compliance	On pages related to the purchasing process, the data entered by the user is checked for errors with the possibility to make corrections. There is a feature to check the information before it is finally submitted, and the user enters all the data for an order in a single form, where they can freely change the data before submitting the form.
			Non-purchasing sites: No compliance.	
	3.3.7 Redundant Entry	A	Purchasing process: Partial compliance	

			Non-purchasing sites: No compliance.	
	3.3.8 Accessible Authentication (Minimum)	AA	Purchasing process: N/A	
			Non-purchasing sites: Partial compliance	
4. Robust				
4.1 Compatible	4.1.1 Parsing	A	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	4.1.2 Name, Role, Value	A	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.	
	4.1.3 Status Messages	AA	Purchasing process: Full compliance	
			Non-purchasing sites: No compliance.
